Chapter 1: The Secret Room

I was coming home from a long flight. It was a long day. I went to my room and I wanted to flop on the bed. I went on but the bed creaked. I went under it. There was a secret room. I saw a blood trail. I heard a sound muttering. It was faint but I could just understand it. I think it said "did you really dare come in?" I saw a red stain like blood. There was a bloody knife. I saw a sad kitten with an empty old bowl. It had a red mark on its teeth. I screamed "ahhhhhh". There were teeth marks on the wall. It spelt something. I couldn't understand it. I saw a clown. I thought "am I dreaming?" To get my mind off it my name is kilie My brother wanted to name me moustache.

Oh no! I see a dead body and another. They are parents. I have never saw my parents' death. Maybe that is them. I saw a bottle on the pillow. Inside was a message. It read "get out before you see the kitten and the bowl." Did I already see it? Oh nooo, I saw a message in blood. It read "get out or else!" Remember the teeth marks in the wall? It spelt "get out." I went in the car. It lit up on fire and I crashed a guy in my class was on fire! I started to run but I tripped. Prrr.... A cat. It was he cat and bowl. A killer was chasing me. It was the cat. But a killer. Gheesh! I'm scared. Ahhhh.... I saw glowing yellow tiger eyes. To be continued...

Chapter 2: The Knife

I'm still in the cave. It's early dark. But I'm wearing sunglasses. Because of the tiger eyes. Honestly I'm not afraid of tigers but I'm afraid of this one. I saw a picture of my grandma in a car accident. I ran home but got lost in the forest. Then I remembered my grandma said it was after she Lund a secret room. She must have been in my secret room before the accident. My parents were ghosts.

"Oh no!" I wanted water suddenly. A knife went in my arm. I had an other self. She was a ghost. She's the one who stabbed me and it really hurt. She didn't know that the ghost had a different self. It's weird. I opened a door, touched the door knob, and fainted. Oh no. "Boooooooooooooo," I heard.

Chapter 3: Clowns

The noise stopped. I saw a boy. He turned into a clown, it had blood all over it. I felt scared. Suddenly, the ghost me, got a knife. I felt a pain in my leg. A ski chalet appeared - I went in. It was a clown chalet! Dun dun dun!

Clowns were haunting me. Honestly, it's really scary. I saw a cartoon version of the book Peach and Plum, but they were clowns. I went outside, but it was a clown graveyard. "Ahhhhhh", I cried. I fell in a hole. I dug, and dug, and dug. When I made it to a zombie mansion. Peep, okay, I have to admit I was being a little weird there. Peeeeeeeeeeeeeeep, it feels good, peeeeeeeeeeep.

Chapter 4: No More Peeps

I've stopped saying peep, but it felt really nice. "Oh no!" I see the cat killer. It's chasing me. Look out, peep, oh right, sorry, peep, sorry again. Its getting closer, I've got to run. Ohhhh, a portal! I jumped in. It's a dead end. I closed my eyes, I heard someone speaking polish. I can speak it, but I didn't understand. I opened my eyes. It was a clown.

Chapter 5: The Grinch

The ghost me got a knife. I felt the pain in my arm. I closed my eyes as the blood spilt on my arm. I wish I never went in the secret room. A Christmas tree appeared in my sight. It was probably my brain now functioning. The grinch appeared. "I will steal Christmas" the ghost me made me say. "Hooray!" the Grinch said. The Grinch got blood and yellow eyes. "Ahhh!" I cried then I fainted.

Chapter 6: Back to the Secret Room

I've just woken up after I fainted. It's the next morning. The grinch is gone. It scared me a lot but I'm now back in the cave with the tiger peep. Oops, sorry. It's yellow eyes are really scary. I want to discover more of the secret room but I'm too scared. I saw a butterfly. Poof! What was that? The butterfly is a killer. "Oh no!" I closed my eyes.

I imagined the secret room. When I opened my eyes I as in the secret room. I wasn't ready for it. I went further. I've never been so scared in my life. So I started to quiver. A hill ran down my spine. I tried to be brave but I couldn't. My fear had taken over. I found water. I drunk it. It wasn't water. It was blood. "Eep!", I said. Metal music started playing. Du, du, du...

Chapter 7: The Venom Flower

One minute later the music stopped. Good, that hurt my ears. Oh, no I see the cat killer. Maybe it'll kill the me. "Ahhh," I cried. I ran further into the secret room. Some thing is following me. I think I see the cat killer. Peeeeeeeeeeeeeeeeeeeeeeep!

Sorry but it feels good honestly. I'm really scared. Once I was almost as scared when I was locked at school. It was just me and my teacher. I was really scared. I'm even more scared now. I see a beautiful flower. Pick. Oh no! That's not a flower. That's a venom flower. Peeeeeeeeeeeeeeeeep. Sorry.

Chapter 8: Dog Skiing

After the flower I fainted. Zzzzzzzzzzzzzz
Zzzzzzzzzzzzzzzzzz
Zzzzzzzzzzzzzzzzzz

I saw a skiing dog on my aunt's phone case in my dream. I saw K-Pop Demon Hunters. Wait, no. K-Pop Clown Hunters. The ghost me got a knife and "oww, that hurt" I said. I closed my eyes as the blood spilt out of my arm.

Chapter 9: More Peeps

I have awoken the clown. Speaking polish is back. Peep. Sorry. God, I see the cat killer. The ghost me brought them here. "Oh no" I cried. I saw a guy named evil slouch on the tele.

Peeeeeeeeeeeeeeep! Sorry.

Chapter 10: The Baby

I know I said peep. I couldn't help it so I saw a 15 year old boy and he was married and had a baby. He sold it to women but they paid for it when it was adopted.

And then the baby lit on fire and barfed.
